The notes shall be payable from, but not secured by, all property taxes imposed by the District and all other revenues collected by the District, as shall be provided by resolution of the Board of Trustees. The Board of Trustees of the District is authorized and empowered to do and perform all acts and enter into all agreements which may be necessary or desirable in connection with the issuance and sale of the notes and delegate the power to consummate all such acts and execute and implement all such agreements on its behalf as the Board of Trustees shall deem necessary or desirable.

SECTION 10. In the event that the laws creating the District are repealed or the District is abolished, that portion of such laws levying a tax, the proceeds of which are pledged to the payment of outstanding bonds and other obligations of the District, shall remain in full force and effect with respect to the real and personal property within the District to the extent necessary to

satisfy the District's debt service requirements with respect to said bonds and other obligations, and the outstanding bonds and other obligations of the District shall remain binding and valid obligations of the District the same to be paid out of funds collected in respect of the tax hereby required to be continued to be levied. In such event, the said remaining tax shall continue to be collected by the Gibson County trustee and funds collected in respect thereof shall be paid in respect of the District's outstanding bonds and other obligations by the Gibson County Board of Education until such bonds and other obligations have been paid in full; provided that, if a county-wide property tax is enacted for school purposes by the Gibson County Board of County Commissioners and the proceeds thereof are distributed in such a way as to be available to pay principal of and interest and redemption premiums on said bonds and other obligations, or other funds are available to pay said principal, premium and interest, the tax herein levied may be reduced by the Board of Trustees to an amount which, together with said other taxes and funds is sufficient to pay said principal, premium and interest.

SECTION 11. If required in connection with the issuance of the District's Obligations, the District may enter into an agreement with the State of Tennessee, permitting it to intercept and retain funds of the District in order to pay and further secure the payment of the District's Obligations; provided that any such agreement shall not impair the rights of any of the holders of any of the District's existing indebtedness.

SECTION 12. In the event that funds available to the District are at any time projected by the Board of Trustees of the District to be insufficient to pay debt service on the District's Obligations during the twelve (12) month period beginning on the date of such projection, the Board of Trustees shall certify such projections to the Comptroller of the Treasury of the State of Tennessee, and the Comptroller shall request the General Assembly to increase the tax levy of the District to an amount sufficient to provide for the payment of debt service on the District's Obligations.

SECTION 13. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end the provisions of this act are declared to be severable.

SECTION 14. This act shall take effect upon becoming a law, the public welfare requiring it.
